Wholesale plumbing showrooms

ADA compliant

North Olmsted, Ohio... Blending clean lines with soft curves, the Method™ pullout kitchen faucet provides consumers with a look that's popular in today's contemporary kitchens, with benefits that extend well beyond style.

Featuring stylish flat panels with smooth cylindrical shapes, the Method faucet combines the best of form and function by incorporating Moen's Power Clean™ spray technology. This powerful, concentrated spray cleans 50 percent faster than most pulldown and pullout faucets*, providing more force to get tough jobs done. Plus, Method has a two-function pullout wand that

allows users to switch the water flow from a steady aerated stream for everyday cleaning to a spray for rinsing.

“As the demand for minimalist styling increases, Moen continues to introduce options to help homeowners, architects and designers achieve a modern look, while providing simpler overall faucet cleaning,” said Tom Tylicki, wholesale kitchen product manager, Moen. “The low-profile, single-hole installation faucet is also just the right height – fitting easily into a variety of kitchen configurations, like underneath a window, without sacrificing functionality... or blocking the view of your beautiful backyard.”

THE NEW METHOD KITCHEN FAUCET OFFERS A VARIETY OF MOEN® INNOVATIONS:

Power Clean™ Spray Technology

Power Clean™ technology provides 50 percent more spray power versus most Moen pulldown and pullout faucets without the Power Clean technology, while containing splashing and minimizing mess. Now, users can clean dishes faster while reducing the amount of residual water in and around the sink. Greater force means faster clean-up with less water used.

Spot Resist™ Finish

Available in Moen’s exclusive Spot Resist™ finish, which resists fingerprints and water spots to maintain the brilliance of the fixture.

1255® Duralast® Cartridge

Single-handle faucets feature this unique ceramic-disc design that provides the smooth feel and reliable operation of a new faucet from the first time you use it to the last.

Duralock® Quick-Connect System

The intuitive Duralock® Quick-Connect System uses a proprietary, push-button connector that makes installing faucets quick, secure and hassle-free – no tools required. A telltale “click” audibly signals a secure connection.

The Method faucet features Moen’s limited lifetime warranty** to ensure superior quality.

For more information about the Method kitchen faucet, visit moen.com or call 1-800-BUY-MOEN (1-800-289-6636).
