Certified to meet EPA
WaterSense® Criteria

North Olmsted, Ohio... With a wide array of finish choices and two platforms – standard wall-mount or a handshower – the new Moen® Propel™ showerheads give consumers countless ways to customize their personal shower experience.

The handshowers feature a unique pause button, which reduces water down to a trickle. This allows homeowners to save water while shampooing, lathering up, bathing kids and pets or cleaning the shower.

“At Moen, thoughtful design is at the heart of everything we do, and our new Propel showerheads are no exception,” said Maribeth Kwasniewski, director of retail marketing, Moen. “Not only do the showerheads offer on-trend style, they also provide exceptional water delivery, with an intuitive pause feature, five spray options and a larger 4.5-inch spray face for enhanced water coverage – a top consumer need in the shower.”

Propel™ Wall-Mount Showerhead

Both the standard wall-mount and handshower are certified to meet EPA WaterSense® criteria, conserving water without sacrificing performance.

PROPEL SHOWERHEADS ALSO FEATURE NOTABLE MOEN INNOVATIONS, INCLUDING:

Spot Resist™ Finish

Moen’s exclusive Spot Resist™ finish resists fingerprints and water spots to maintain the brilliance of the fixture.

All Propel showerheads feature Moen’s limited lifetime warranty** to ensure superior quality.

For more information about the new Propel showerheads, visit [moen.com](https://www.moen.com) or call 1-800-BUY-MOEN (1-800-289-6636).
