North Olmsted, Ohio... Modern styling continues to rise among top designers, architects and consumers. The new Moen® Vichy™ bathroom suite offers a soft, contemporary look at a cost-effective price, appealing to a wide variety of customers, especially those in multi-family and hospitality settings.

“Vichy was designed knowing modern fixtures are becoming the new standard in the multi-family market, where Millennials are the fastest growing segment of renters and buyers,” said Julie Everson, wholesale bath product manager, Moen. “Homeowners also will appreciate this suite’s beautiful style and compact design that fits well in any small space.”

The Vichy collection features cylindrical shapes, contoured edges and a slim handle that blend together for an eye-catching look. It also includes red and blue markings on the lavatory handles and showering products for clear temperature indication. Coordinating accessories for the suite are available in the Genta™ line to complete the room.

THE NEW VICHY BATH COLLECTION FEATURES NOTABLE MOEN INNOVATIONS:

1255® Duralast® Cartridge

Single-handle lavatory faucets feature the Moen 1255® Duralast® cartridge, a state-of-the-art ceramic-disc cartridge that provides a consistently smooth handle feel and the highest levels of quality and durability for the life of the faucet.

M•PACT® Common Valve System

Moen’s common valve design allows for a quick faucet change without replacing plumbing. Simply unscrew the handles and spout, lift them out and replace with a new style – transforming the space in just minutes. It works just as easily when replacing shower trim. M•PACT® is featured on the Vichy shower.

Posi-Temp® Valve

Moen pressure-balancing valves adjust automatically to changes in water line pressure – ensuring constant and comfortable water temperatures. Despite demands elsewhere in the home, the water temperature is designed to remain within $\pm 3^{\circ}\text{F}$ of the set temperature. For added safety, Moen’s temperature limit stops can be set to control maximum hot water temperature.

Each of the products feature Moen’s limited lifetime warranty* to ensure superior quality.

For more information about the Vichy bathroom collection, visit moen.com or call 1-800-BUY-MOEN (1-800-289-6636).
