

January 10, 2017

Welcome to ~~KBIS~~.

Strike that.

Welcome to the future.

Because the home of the future is here today. And it all begins in the Moen booth.

Be among the first to see a product unlike any other in the market, a Wi-Fi/cloud-based digital showering system, which offers mobile connectivity and unmatched personalization: **U by Moen™**.

But, that's not all you'll find new from Moen this year...

- **Press & Mark™ Bath Hardware** – designed to make bath hardware installation a breeze
- **Power Clean™ Spray Technology** – a powerful spray technology that conquers sticky peanut butter and more
- **QuickMount™ Installation Hardware** – making plumber's sink installation jobs a heck of a lot easier

Stop in at booth W2155 and see these innovative products and more.

As always, if you have any questions, please let me know. Feel free to contact me at media@moen.com to arrange an interview.

Thank you for your continued interest and support of the Moen brand.

Regards,
Tim McDonough
Vice President, Global Brand Marketing, Moen Incorporated

**Versus most Moen pulldown and pullout faucets without Power Clean technology*
